

Leading Off Campus Application

The Leading Off-Campus Collegiate initiative provides experiences and connections in the Lynchburg region to build your soft skills and career readiness. By participating in this program, you will receive networking opportunities and explore parts of the Lynchburg region and businesses in the region. Additionally, you will connect and work with students from other colleges in Lynchburg and make many new connections with leaders from different industry sectors.

Successful completion of this program is contingent of your ability to fully participate in all scheduled sessions. You may miss no more than one full session or the equivalent number of hours. This program is "in person" not virtual. You are responsible for transportation to the sessions. 1/2 of the tuition of \$400 is due on acceptance of the program and receipt of invoice. If employed currently or interning currently with a regional employer, you must have obtained permission to participate in all scheduled sessions. Talk to your college career services center or your internship coordinator about covering all or a portion of your tuition. You are responsible for your own transportation to and from sessions. All location details for each session will be sent a few days prior to each session.

Applications are due May 24, 2024. Students will be notified by May 31, 2024 of acceptance.
